

# ASRC Election Nomination Form

Name: Angelia Stanton

Email: angeliaisathome@yahoo.com

Phone (W): 205-934-3411 Phone (C): 205-246-5654

Place of Employment: UAB Hospital

Job Title: Registered Respiratory Therapist

Office you are running for: West District Representative

AARC #: 9717738 Active years as an AARC Member: 3 years

If elected, what would you do to improve the ASRC?

I plan on continuing to advocate about the benefits of being an active member with my colleagues. I plan to assist with the events that help recruit more members and speak at any engagements where needed. I will bring ideas and concerns for our profession with solutions from the suggestions of my fellow RTs. I will also encourage more of the students to attend the conventions and meetings as students and not wait until they are out of school to join or be involved.

What is your past experience serving the ASRC? What other boards you have served on and in what capacity?

I began as a student and started speaking at conferences. Once I attended my first conference I felt the enormous responsibility to get involved and encourage my classmates to do so as well.

Any other information:

UAB Nursing School, October 2016 – Present Teaching Assistant – Laboratory

SSARCS student member (President)

Camp Wheeze-Away (Advocate/Volunteer)

Historical Walk on Selma Event (SSCC Representative)

Howard Hughes Medical Institute Research Program -University of Alabama

## *About Me*

*I work with cardiopulmonary patients at UAB Hospital administering education, medication and care to various patients with respiratory related issues.*

*I believe my expertise and skill set serves me well in the clinical setting as well as the classroom as an educator. I have been an intern educator at UAB School of Nursing since before graduating in 2016. I have great passion for learning as well as teaching. My leadership capabilities lend to an eagerness to share what I know with others. My drive to know how things work coupled with a brightly spirited personality engages students which presents well in a classroom setting. I truly enjoy the curiosity from students and dedicate myself to teaching the future therapists and nurses as a way of paying it forward.*

*I am a Registered Respiratory Therapist with several awards and positions of leadership with just 3 years in the profession. I served as President of Shelton State Association for Respiratory Care Students, Volunteer/Advocate with Camp Wheeze-Away, SSCC Representative at the Historical Walk on Selma Event and Student Researcher for Howard Hughes Medical Institute Research Program at the University of Alabama. My awards include the honor of President's List, Dean's List, Alabama One Credit Union Academic Scholarship Recipient, SSARCS Outstanding Service and Leadership Excellence Award. I serve as a member of the American Association for Respiratory Care and serve as the Manager of Public Relations for the Alabama Society for Respiratory Care. My presentations include Clinical Preceptors, Transition from Student to RT and ABC's of Advancing the Profession. I currently hold a certification of Basic Life Support and Neonatal Resuscitation.*

*I hold an Associate Degree in Respiratory Therapy from Shelton State Community College. I am currently pursuing a Bachelor Degree in Respiratory Therapy from Jacksonville State University.*
